OPENING REMARKS

Carla Grasso
Deputy Managing Director and CAO
IMF

Valentine's Day is supposed to be a day of love, but for the family of Tiana Notice, it will always be a sad reminder of the day their daughter was murdered. The system failed Tiana. The Notice family has courageously honored her life with advocacy.

Presentation will cover DV warning signs, stalking, GPS tracking laws, and legal changes the Tiana Notice Foundation has been able to accomplish in Connecticut and Massachusetts.

Open to WBG, IMF, IOB staff, spouses, domestic partners, and family members. IOB and external guests RSVP email sshrestha14@worldbank.org
