

Step up Man

Step up and love me or leave me alone.Step up and have the courage to make me Queen of your throne.Step to world that will be against us; not everyone is on our side.Step up and be that "ride or die."Step up and dare to fly!Step up to get love from a real woman.Step up to the truth, no need to lie anymore-foolish youth.Step up and receive, what I have and believe.Step up or step aside.I want a STEP UP MAN WHO CAN ABIDE!
