

TIANA NOTICE

Tiana was a beautiful person (inside and out). Being an inspiration to many she lived a full life and loved her family dearly. After accomplishing so many things Tiana still wanted to go beyond her current achievements. Despite the fact that she had a two page resume and she was only 12 credits shy of receiving her Masters degree, she was already very successful. While taking courses at night Ms. Notice worked a full time job at Post University in Waterbury, CT during the day.

Her dreams and aspirations were notable. Tiana wanted to pursue a law degree and eventually obtain a Ph.D. Clever is an understatement, she was absolutely brilliant!

Her smile, intelligence, compassion, personality, confidence, beauty, faith, and her grace are just a few of the qualities that she will be remembered for. Many people near and far were touched by her love and her warm spirit. She was a God fearing woman and without a doubt she loved the Lord. She stood on his word and was often heard saying, "God is good." One thing no one could question was her love for God.

She is respected amongst her peers, loved ones, and people that she had never met.

At the hands of domestic violence Tiana died tragically at the age of 25 just ten days after her birthday. She was a straight A student and former Massachusetts resident.

Tiana we love you. We do have many regrets and we're sorry that our plans did not come to fruition. We'll do everything we can to aid your case and make sure that you receive justice.
